

Why GreenVET?

“Education has a key role to play in achieving the Green Deal’s objective. It is key to changing mindsets and empowering pupils, students and adults to take concrete actions, individually and collectively.”

Mariya Gabriel, former European Commissioner for Innovation, Research, Culture, Education and Youth.

The Green
Transition as a
shared
European
endeavour

Connecting VET-
schools all over
Europe in being active
drivers of
sustainability

Increasing
competitiveness of
VET-trainees through
green competences
development

Greening the whole
VET-institution as the
most promising path
to developing a
sustainability mindset
within learners

VET-trainees as
starting and future
performers in a
transforming
economy

VET-trainees
bringing innovation
and higher
sustainability
standards into
companies

The partnership of the Erasmus+ project **GreenVET pathway** aims to support VET-schools all over Europe to play a crucial role in creating and boosting a culture of sustainability.

By addressing the institution holistically, the participating VET-schools get the opportunity to explore the potential their institutions and the training they provide contain for the Green Transition.

GreenVET pathway combines the forces of seven European organizations to promote sustainable development in vocational education. Your VET-school is welcome to join this innovative and important project!

Why join the GreenVET community?

As part of the project, we will form a community of practice of participating VET-schools from Cyprus, Finland, Germany, Greece, Italy, Latvia and Slovenia. The project partners will support the community through transnational training opportunities and guide VET-schools through a Whole Institution Approach to sustainability.

The project's opportunities:

The Community of Practice in a timeline:

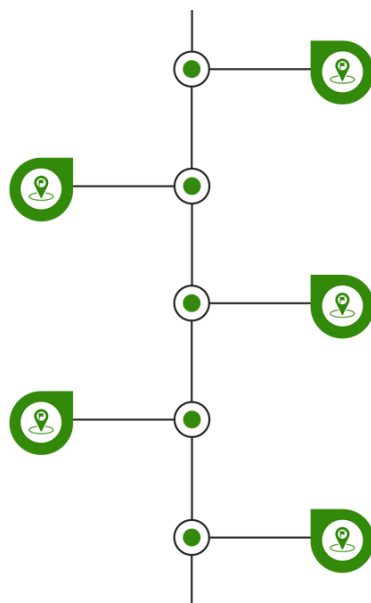

Spring 24:

Whole school survey of the state of art of your VET-school regarding sustainability mindset and practices.

November 2024:

Face-to-face training in Finland for all GreenVET teams (04.11. - 08.11.24).

Our project partners will guide and support the GreenVET teams in this process until the end of the school year 2024/2025.

Spring 24:

Formation of a GreenVET team on your VET-school (representing the school community).

Beginning of school year 2024/2025:

Introductory online workshop with the European GreenVET teams.

Until the end of the school year 2024/2025:

2 follow-up online workshops with the GreenVET community and development of school specific action plans

Apply with your VET-school to join the journey of our European community!
